To Pick Up a Vehicle

Retrieve your luggage and proceed to Ground Transportation. A white Park N-Fly shuttle will pick you up. Tell the shuttle driver that you have a courtesy vehicle to pick up; the shuttle driver will need your name, make and model of the vehicle you're picking up. The shuttle driver will stop at the Park-N-Fly front office to retrieve the vehicle keys and drop you at your vehicle.

To Drop Off a Vehicle

Return courtesy vehicle to Park-N-Fly. After parking the vehicle, a Park-N-Fly shuttle van will pick you up. Ask the driver for an envelope and write the parking space number on the envelope. Place the keys inside the envelope and mark the envelope c/o Prestige. Return the envelope to the driver.
